Canadian Search Engine - Online Directory

Hi there,

We would like to introduce you to the CanadianSearch.Ca world wide search engine directory. Our Directory search engines are newly updated, state of the art, and provide relevant search results on the fly. This website is a great tool for both businesses and general viewers worldwide, it provides a marketing tool online for you to bring visitors to your website and give your website a stronger appearance online. For those wanting the strongest online appearance we strongly suggest a banner advertisement, which links to your company web site. Having a banner placement shows your company/website to viewers in all categories, of the particular web site. Interested viewers will click on the banner and go to your website. Having a banner is like a billboard on our site, even if a viewer is not interested in your banner or site, you are still exposing it to the public, making your company more popular.

We also have a new "premium url" listing feature added to the directories, which lists your site at the top of your particular directory. This feature does bring more interested viewers. Premium listings also allow you to use 4 of your own small logos / photographs along with 255 characters of text on your link information page.

Attached you will find an example of both Premium, and Banner Listings.

As well we have many other services, including:

Online marketing, web site development, web hosting, domain name registrations, pc repair, and much more!

A web site is a cost effective advertising, and if implemented and advertised correctly, can reach many visitors world wide. Having your company advertised online could bring your company business anytime, 24hrs / 7 days a week. We interviewed many companies, and a fair number of them praised the internet as one of the most cost effective forms of advertisement. Their successful websites would not of succeeded online, had they not implemented their websites and advertised them correctly. Having a popular, nicely created website, can boost sales and also gain you extra business contacts or leads.

We get dissapointed when we see a beautiful, and informative website, yet with few viewers and hard to find in popular search engines. What good is a website with no viewers? We are here to advertise your company web site, and draw visitors to your website not only from your province, world wide as well. Our sites are proven to draw users world wide. Just think from the time it took you to read this information, 10 users or more could have seen your web site, possibly viewers that never knew you existed.

Get the most from your web site, advertise your web site online, and get viewers to your web site today!
Call or email us today, and have your web site promoted online.
There is no better time to start becoming popular online than now!

We provide free consultation.

Sincerely,

Canadian Web Solutions
